What is a Will?

In some very small estates, a will might be sufficient.

A will provides your instructions, but it does not avoid probate.

Any assets titled in your name or directed by your will must go through your state's probate process before they can be distributed to your heirs. The process varies greatly from state to state, but it can become expensive with legal fees, executor fees, and court costs. It can also take anywhere from nine months to two years or longer.

Yes or No?

Getting a Will and Trust

With rare exceptions, probate files are open to the public and excluded heirs are encouraged to come forward and seek a share of your estate. In short, the court system, not your family, controls the process.

Debunking Myths: Estate Planning

PROCRASTINATING
won't secure your loved
ones' future!

Any asset you worked hard for must be protected at all cost. It is not true that your properties, money, and other physical assets will be granted to your loved ones in case something happens to you- which is something we can never predict.

This is why having an estate plan becomes very critical and necessary.

**ESTATE PLANNING IS NOT ONLY FOR
THE RICH AND FAMOUS!**

An estate plan is applicable to ANYONE who wants to secure their hard-earned properties, savings, and even protect their medical and financial decisions by assigning a person they trust to take over during unfortunate events. It is not true that only the rich must have an estate plan or a will.
