# Stories From Immigrants: How T Visa Can Change Lives

**A divorced woman traveled to the U.S. to work as a housekeeper to earn and win back the custody of her children.**

**But later on, she realized that she was tricked by her alleged employer and instead of working as a housekeeper, she was forced to work in hotels and massage parlors and perform sexual acts. The job offer was a complete fraud and an obvious example of human trafficking.**

**She's not able to reach for not knowing how to speak in English and so, her traffickers took advantage of it and controlled every aspect of her life.**

**If you believe your situation is almost similar to hers, it's about time you reach out to us  
- we can help YOU!**
